Believe it or not, in a few months the hot weather will be here again and children will want to cool off by playing in the water. The City of San Jose has various aquatic offerings for all ages and abilities from swimming lessons to open recreation swim times. Involving children when they are young in safe structured aquatics programs such as those offered by the City of San Jose and its partners, can begin a lifelong relationship with water which can bring happiness for years to come.

Tips for Choosing a Class

Enrolling your children in a learn-to-swim program can be confusing with many options available so here is some useful information to help you make this all important decision a bit easier.

Participants must know the skills stated below prior to participating in the class. For participants signing up for multiple sessions staff recommends a minimum of two sessions in one level before going to the next level (i.e. Two sessions of level 2 then two sessions of level three). For returning participants staff recommends at minimum one session of the class you ended with from the 2012 Summer to start the 2013 Summer (i.e. Participant graduated from level 2 last summer should take one session of level 2 as a refresher)

Staff will assess all participants throughout the summer to ensure the participant is in the appropriate class

Adult/Child participation (ACP) - Child must be accompanied by an adult in the water at all times. The child must be at least 6 months old. Participants pay only one class fee per child + adult combo
